

## Information of the Research Project

THIS SECTION IS ONLY FOR DEANSHIP OF RESEARCH USE										
Project Number										
Date Submitted										
Starting Date (Upon Approval)						Duration (Months)				

### A-I: PROPOSAL TITLE

English:	
Arabic:	

### A-II: PERSONNEL AND AUTHORIZATION

#### PRINCIPAL INVESTIGATOR

Academic Rank:	
Full Name:	
College:	
Department:	
Mobile:	
E-mail:	

#### CO-PRINCIPAL INVESTIGATOR-1

Academic Rank:	
Full Name:	
College:	
Department:	
Telephone:	
E-Mail:	

## CO-PRINCIPAL INVESTIGATOR-2

Academic Rank:
Full name:
College:
Department:
Telephone:
E-Mail:

## CO-PRINCIPAL INVESTIGATOR-3

Academic Rank:
Full Name:
College:
Department:
Telephone:
E-Mail:

## CO-PRINCIPAL INVESTIGATOR-4

Academic Rank:
Full Name:
College:
Department:
Telephone:
E-Mail:

## THE ROLE OF THE INVESTIGATOR(S)

Please describe the role of each investigator and its area of contribution:

No.	Name of Investigator	Area of contribution to the project
1		
2		
3		
4		
5		

## PROJECT DESCRIPTION

Project Title:

Title :

Discuss your study significant and purpose:

Specify your research question(s) and/Hypothesis:

Methodology

Design:

Sampling:

Describe your population including your target and accessible populations

Specify the Inclusion/Exclusion criteria

**Describe your recruitment strategies and your study procedures.**

**Include description of any control group(s) if available**

**Are you planning to include any of the following vulnerable subjects in this project?**

- ☐ Pregnant women
- ☐ Fetuses
- ☐ Children
- ☐ Prisoners
- ☐ Mentally or emotionally disabled
- ☐ Very ill or physically disabled individuals
- ☐ Terminally ill individuals
- ☐ Institutionalized individuals

**Do you propose to enroll any of the following in this study as subjects?**

- ☐ Employee of the PI or employee of a research team member?
- ☐ Individual supervised by PI or supervised by member of research team?
- ☐ Individual subordinate to the PI or subordinate to any member of the research team?
- ☐ Student or trainee under the direction of the PI or under the direction of a member of the research team?

## Setting

## Data Collection and related instruments

## Consent Procedure

Types of subject consent used with this project (check all that apply):

- ☐ None (Are you requesting a waiver of informed consent/authorization (subjects will not be given any oral or written information about the study)?
- ☐ Written consent
- ☐ Written consent from a surrogate for the subject (does not include parents or legal guardian)
- ☐ Assent of children (9 – less than 18 years)

Who is the person assigned to obtain consent from subjects

Describe the physical location where the consent process will take place:

Describe the steps that will be taken by the research team to minimize the possibility of coercion or undue influence during the consent process

Will subjects be provided any compensation for participating in this study? If yes please explain?

## **Risks for the Study Subject**

**Describe all procedures will be taken to minimize risks and treat possible emergencies**

## **Privacy and Confidentiality**

***What are you doing to protect the privacy interests of the subjects?***

***How will information/data be collected and stored for this study***

***Do the confidentiality protections indicated above allow only members of the research team to access the data/specimens***

## **References**

**Please include the instruments that will be used in the study.**
