

# CURRICULUM VITAE

---

## **Mohammed Eiadeh Daghbosheh**

(Assistant Professor, Ph.D.)

Irbid National University

Faculty of Information Technology

Computer Information Systems Department

Irbid - Jordan

## **Personal Information**

**Nationality:** Jordanian

**Martial Status:** Married

**Mobile Number:**+962-796092024

**Primary e-mail** mohdd978@gmail.com

## **Education**

- |            |   |
|------------|---|
| Jan. 2012  | Ph.D. in Computer Information systems<br>Major: Artificial Intelligence / with specialization in Data Security<br>University: Arab Academy for Banking and Financial Sciences |
| Jan. 2003  | M.Sc. in Computer Science<br>Major: Information Technology  |
| June. 2000 | B.Sc. in Computer Science<br>University: Al-Zaytoonah University  |
| June 1996  | General Secondary Education Certificate Exam Scientific Branch.   |

## Research Interests

- Computer networks
- Software Engineering
- Security, Control, and Audit of Information Systems
- Machine Learning & Neural Networks
- Image Processing
- Databases
- Data Mining
- E-commerce

## Professional Experience

Sept. 2003 – 2020

Assistant Professor

Irbid National University

Faculty of Information Technology

Computer Information Systems Department

Sept. 2000 – 2003

Computer programmer at Ministry of Awqaf and Religious Affairs

## Publications

### International Journals

- *Daghbsoheh, M. (2017) "Biometric speaker recognition using nural network s and wavelet transform", 30th International Academic Conference(IEES) , Venice , Italy*
- *Daghbsoheh, M. (2016) " LATEST ISSUES IN STEGANOGRAPHY AND WATERMARKING", The International Journal of Arts & Sciences (IJAS). Int'l Conference for Academic Disciplines (23-26 May 2016)*

## Teaching

### **Undergraduate Level courses**

Software Engineering

Database Concepts

System Development and Analysis

Data Security

Computer Skills

Modeling and Simulation

E-commerce

Computer Networks

Computer Ethics

Management Information Systems

Distributed Systems

Data Mining

Multimedia

Graduation Project
